

## About me

- BA in Mathematics (Belgrade)
- MSc in Materials Science (Belgrade)
- PhD in Technical Sci. & Eng. (MPI Stuttgart; Belgrade)
- 1993-1996 Genoa University, postdoctoral fellowship in Materials Sci.
- 1996-2001: ICFAM-CNR (now National Research Council, Institute for Energetics and Interphases (CNR-IENI), Genoa)
- Since 2001: Research scientist (CNR-IENI, Genoa)
- 2004-2005: Osaka University

## MI-NET Aims

- Industrial maths activity: Material Sci. incl. Biomaterials (Materials Design: composition → structure → properties) & participate to a new research activity
