

## Dissemination

- Advertisements during workshop and conference presentations
- Maths meets industry, Trondheim, Sept. 2016

## Impact

- in Germany low, strong competition with state funded Math & Industry program
- in Norway higher, no culture of collaboration with industry
- first ESGI together with DTU in June 2018

## Future plans

- try to establish sustainable ESGI "culture" in Norway
- contribute to Math in Industry, particular Digital Manufacturing via ECMI SIGs and European collaborative research
